

CAREER OPPORTUNITY

The Governments of Burundi, Rwanda, and Tanzania have agreed to develop a joint project, the Regional Rusumo Falls Hydropower Project (RRFHP), with the objective of generating 80 MW that will be shared equitably among the three countries. The RRFHP project is a Nile Basin Initiative key project prepared through the Nile Equatorial Lakes Subsidiary Action Program (NELSAP).

ANDRITZ Hydro GmbH has signed a contract with NELSAP as RRFHP Contractor for electro-mechanical works.

Therefore, **ANDRITZ Hydro GmbH** wants to recruit a **Quality Engineer**

Job descriptions for a Quality Engineer:

- Checking of the quality related parts of the contract
- Issuing of project specific inspection and test plans
- Follow up of non-conformity reports
- Support customer inspections and audits
- Ensure that supplier audits are performed in case of new suppliers for the project
- Definition of quality control measures in case of increased risks due to superior quality requirements and/or doubtful qualification of the supplier (e.g. first piece qualification, hold points, quality or manufacturing supervision at suppliers) and following up in cooperation with procurement
- Approval of supplier documents for quality and processes: ITPs, MPPs, WPS/PQRs
- Coordinating and performing witness tests and final inspections at supplier site in cooperation with procurement
- Reporting and following up of non-conformities or of supplier deviation requests
- Facilitating the decision making process for corrective actions with project management, engineering and procurement
- Preparing the quality documentation for projects

Minimum requirements:

- Holds a Bachelor's Degree in electro-mechanic or other related fields
- Have a minimum of 5 years professional experience in electro-mechanic installation
- Have a minimum of 5 years professional experience working in a Hydropower Project
- Fluent in English

Workplace: Rusumo, border to Tanzania

Site resident job: living in the camp site

Time Frame:

- Start: June, 2021
- End: Dec, 2022
