Properties:

- Knowledge in creating reports in technical field
- Attention to detail working style
- Open minded to work in a team with different nationalities
- Self-initiative and able to define priorities
- Hands-on Mentality
- Excellent Microsoft Office Skills (Excel, Word, PowerPoint, Adobe)
- Extensive Technical knowledge on mechanical or electrical installations
- Fluently English in speaking and writing, additional Languages are a plus (French, Shwahili)
- Able to read Technical Drawings
- Ready to reside at Site camp

Main tasks:

- Creating technical reports, documentation for the Management
- Carrying out Site tours
- Able to discover deviations considering different Site areas
- Analyse Progress for specific works at different work areas at Site
- Cooperation with Project management
- Participation in Site Meetings or other meetings, if required
- Support in creating various documents
- Assistance in other Administrative related tasks

Work place: Rwanda at Rusumo, Border to Tanzania

Starting period: December 2021
