

VACANCY ANNOUNCEMENT

Senior Access to Finance Experts

Opening date: Wednesday 10th August 2022; Closing date: Wednesday 24th August 2022

Cordaid is a Dutch international NGO, that believes in a world without poverty and exclusion. We strive for just and sustainable societies where every person counts. We stand for knowledge and talent sharing between North and South, between farmers and businesses, between activists and policymakers. Where poverty, conflict and exclusion divide societies, we connect people and communities. We stand for professionalism, expertise, and solidarity across borders. We aim at maximizing our social impact and contributing to systemic change. We operate where natural disasters strike, where conflicts tear up communities and where lack of opportunities and service delivery keep families in extreme poverty. Cordaid has been active in Uganda for over 25 years; and our programmes currently focus on three thematic areas: resilience, investments, and humanitarian aid.

Cordaid is one of the leading CSO's in the Netherlands, working in fragile contexts on Health, Resilience, Economic Opportunities, Humanitarian Aid and Security & Justice. Apart from our work abroad we also contribute to new forms of job creation and social innovation in The Netherlands. Cordaid is a member of the international Catholic networks Caritas and CIDSE and we are active in worldwide civil society networks. We work in around 30 countries in Africa, Middle East, and Asia.

As of January 1st, 2021, ICCO Cooperation and CORDAID globally joined forces and decided to use the name of CORDAID. The combined strengths of ICCO Cooperation and Cordaid will not only allow for the continuation of extraordinarily successful and innovative approaches to market systems development and access to finance in Rwanda but also provide additional resources, approaches and experiences to the livelihood programming and enable for better linkages of programs to Rwanda's climate, health, and education strategic objectives.

Cordaid seeks to recruit two experts to fill vacancies on the Transforming Eastern Province through Adaptation (TREPA) and Partnership for Resilient and Inclusive Small Livestock Markets (PRISM) Projects.
